

Creating new account in the Kompas Farm mobile application

1. Update Infodex program to the newest version (contact Polanes if you don't have installer).
2. From the top menu bar, select *Program* and then *Mobile app*.

3. Fill all fields.

Note: The password must be at least 8 characters long. It should contain a capital letter and a number. The *Devices* section has been automatically filled in based on the devices detected in the system.
